BANGALORE DISTRICT.

PROCEEDINGS OF THE SPECIAL EXTRAORDINARY MEETING OF THE BANGALORE DISTRICT BOARD, HELD ON THURSDAY THE 16TH MARCH 1922.

No. of Members.

Present—27

Absent—13.

(1) Read letter No. 2371-S—Edn 121-12-2, dated 20th December 1921, from the Chief Secretary to the Government of Mysore calling for the resolution of the Bangalore District

Board in the matter of levying an Education Cess at one anna per rupee on all items of revenue on which local cess is now levied for the purpose of carrying out Educational reforms.

(2) Resolutions of Taluk Boards in the matter:—

- (i) Bangalore:—The Board unanimously agree to the levy of one anna Education Cess on all items on which local cess is now collected.
- (ii) Channapatna:—One anna cess may be levied if all restrictions as to the raiyats' liability to contribute towards the pay of school masters, cost of buildings, etc., be done away with and all facilities are afforded in rural parts as in towns.
- (iii) Anekal:—One anna cess may be levied and at least $\frac{2}{3}$ of the realisations should be spent within the Taluk and Local Fund General and Mohatarfa grants should not be resumed by Government since a separate Education Cess is levied.
- (iv) Doddballapur:—A cess at six pies per rupee may be levied and the control handed over to the Taluk Boards.
- (v) Devanahalli:—The cess should not be levied as it would weigh heavily on the raiyats (5 for levy and 7 against).
- (vi) Nelamangala:—Cess at one anna may be levied.
- (vii) Kankanhalli:—A start may be made with six pies, as a cess at one anna would weigh heavily on the raiyat.
- (viii) Closepet:—The Board were in favour of the levy at one anna per rupee.
- (ix) Hoskote:—No cess should be levied, as the conditions in the taluk are not favourable for the levy of additional taxation.
- (x) Magadi:—Cess at one anna may be levied provided the realizations are earmarked for Elementary Education and spent within the taluk.

Summary of Discussion.—Stress was laid on two points, viz., (1) that there should be a guarantee that the amount of the present State grant on primary and secondary education should under no circumstances be reduced, and (2) that the amount realized by the levy of the cess in the District should be fully utilised within the district.

Resolution.—The Board unanimously agree to the levy of the cess at half an anna in the rupee.

Resolution.—In the circumstances of the case, the Board resolve to provide for the maintenance charges as proposed by the Executive Engineer. But they desire to impress the fact that the road will be useful only if the whole length up to Thavarekere is completed and therefore press for its being taken up early and completed.
